Stuart, I believe the above is the appropriate power point for the LIS briefing.

Hello,

Please use this version as the final powerpoint ELIS SEIS Congressional Staff Briefing 7-24-15 final (3).

We made changes to the slide number 19 and 20. The changes include the removal of one black box in the figure which identifies an alternative site.

We have removed that box and renamed the other boxes as CSDS, NLDS, and also changed the legend from "alternative sites" to Currently Used Sites.

Thanks, Jeannie

This version worked off Jeannie's original and incorporates Lynne's comments. Unless there are major problems, and I don't think there are, please use this one, Dave, to print hard copies as our

back up plan for Thursday morning. I hope someone there can put together Curt's briefing package with the LISS brief, dredging brief, agenda, and powerpoint? Thanks.
